no lack of words with a friendly ring from that side, but all the world now has only one opinion of what American neutrality really means.

Its readiness for attack of defence is in straits. Came back to the surface. Miss Lemos perfect, its power is imposing. The vital in straits. Meats of thing for us to know is whether this in thing for us to know is whether this in straits. Meats of the control of the perfect will seek to attain its object and tenegrin reservists. tenegrin reservists, who were unable to take the offensive or will leave it to time

"These has been maintained with considerable difficulty. Things might go on as hitherto if President Wilson is determined to persist in keeping up the present situation of ambiguity, but if he expects that in the Lusitania question Germany will heat a retreat which can counter all her previous declarations that transcends the bounds of possibility even for the warmest friends of peace. "Never can the German Government admit that a submarine commander did wrong in sinking in the war zone an enemy steamship laden to the guards with arms and ammunition. That would be quite an intolerable notion and must be rejected. "This was perfectly well understood." King Nicholas of Montenegro, de-

"This was perfectly well understood at the White House. If in spite of it Secretary Lansing has put forth such a demand then we can only conclude that he does not wish to reach an understanding with Germany.

The German Government still boxes of Montenegro, described by Miss Lemos as "a kindly and democratic old man," took the party of survivors to Scutari in his own boat. Miss Lemos quoted Prince Peter as saying the ferman of conferences and forming with Germany.

The German Government still boxes of Montenegro, described by Miss Lemos as "a kindly and democratic old man," took the party of survivors to Scutari in his own boat. Miss Lemos quoted Prince Peter as saying the ferman of the Quadruple Entente do not talk about new conferences, new de-liberations, proposed new decisions which infallibly will determine the course of the war. Were it possible to beat the man proposed new proposed new conferences, new decisions which in talk about new conferences, new decisions which is a conference of the talk about ne
